Expression of Interest (EOI) for Scrap Metal Recycling Services

The Township of McKellar invites expressions of interest from qualified companies for the hauling and recycling of scrap metal from our Municipal Transfer Station located at 13 Lee's Road. This initiative aims to enhance our waste management efforts and promote sustainable recycling practices within our community.

Scope of Work

The selected company will be responsible for:

- Transportation of scrap metal contained within a 40-yard bin from the Township of McKellar Transfer Station.
- Processing and recycling of various types of scrap metal, including ferrous metals and non-ferrous metals.
- Ensuring compliance with all relevant environmental regulations and industry standards.

Requirements

Interested companies must provide:

Company Profile: Background information, including years of experience in the scrap metal recycling industry.

Service Proposal: Detailed description of the services offered, including collection schedules, transportation methods, and processing capabilities.

Environmental Compliance: Documentation of environmental policies and compliance with Provincial and Federal regulations.

Pricing Structure: Proposed pricing model for scrap metal collection and compensation to the Municipality. Additionally, please provide a schedule outlining when the Municipal Office will receive weigh scale slips following each load pickup.

References: Contact information for at least three references from similar projects or clients.

Evaluation Criteria

Submissions will be evaluated based on:

- Experience and expertise in scrap metal recycling.
- Ability to meet the Municipality's needs and service requirements.
- Commitment to environmental sustainability and regulatory compliance.
- Competitive and fair pricing structure.

Contract Duration

The selected proponent will enter into an agreement with the Township, effective from the award date until December 31, 2025.
