TOWNSHIP OF McKELLAR
BY-LAW NO. 2019-23

BEING a By-law to regulate the use of land and the character, location and use of buildings and structures in the Township of McKellar.

The Council of the Corporation of the Township of McKellar, pursuant to Section 34 of The Planning Act, R.S.O., 1990, as amended,

ENACTS AS FOLLOWS:

SECTION 1 - TITLE AND INTERPRETATION

- 1.01 This By-law may be cited as the McKellar Township ("the Township") Zoning By-law ("this By-law").
- 1.02 The Maps annexed hereto as Schedules of this By-law are declared to be part of this By-law.
- 1.03 For the purposes of this By-law, the definitions and interpretations set out herein shall govern. If a word is not defined, refer to the webster English Dictionary and apply the ordinary meaning of the word.
- 1.04 Nothing in this By-law shall be construed to exempt any person from complying with the requirements of any other by-law of the Township or of any law of the Province of Ontario, or Canada.
- 1.05 The provisions of this By-law are held to be the minimum requirements adopted for the promotion of the public health, safety, convenience or general welfare of the Township.
- 1.06 In the event of an inconsistency or conflict between two or more provisions in this By-law, the more restrictive provision shall prevail.
- 1.07 The provisions of this By-law may not apply to Crown land. However, this By-law reflects the established planning policies of the Township and it is intended that the Crown shall have regard for the provisions of this By-law.
- 1.08 Numerical figures used in this By-law are given in metric units and are intended to provide the sole standard governing the provisions of this By-law. Conversions of these metric units to equivalent imperial units may be deemed acceptable by the Township when the conversion is made to at least two decimal places.
- 1.09 In this By-law, words importing the singular number include, where appropriate, more persons, parties or things of the same kind than one, and a word interpreted in the singular number has a corresponding meaning when used in the plural.
- 1.10 Where any Act or portion of an Act is referred to in this By-law, such reference shall be interpreted to refer to any subsequent renumbering of sections in said Act and/or changes in the date of said Act.
- 1.11 Nothing in this By-law shall be construed to confer any ownership rights to any land below the controlled high water mark caused by flooding because of natural or man-made dams.
- 1.12 Where the permitted uses contained in the various zones in this By-law do not list a specific use in that Zone, this By-law shall be interpreted to deem that such uses are to be prohibited in the respective zones.
- 1.13 Former By-laws

Any by-law passed prior to the passage of this By-law under section 34 of the Planning Act is hereby repealed. The adoption of this By-law will not exempt any person or use of property from complying with the requirements of any other by-law in force at the time of passage of this By-law.

1.14 Transition

This By-law does not apply to prevent the issuance of a building permit for a development for which approval has been previously obtained under the Planning Act for a minor variance, zoning amendment or site plan approval.

3.02 Zone Boundaries

- a) Where the boundary of a zone does not coincide with a road or railway right-of-way, a lot line, the boundaries of registered plans, or a natural feature such as a creek, stream or shoreline, the location of the boundary line shall be scaled from the Zoning Maps – Schedules 1, 1A, 2, 3 and 4.
- b) Schedules 1, 1A, 2, 3 and 4, the Zoning Maps have been prepared from geographic information system parcel fabric from the West Parry Sound Geographic Network transferred from zone symbols on the zoning schedules.

3.03 Accessory Uses

- a) Where this By-law provides that land may be used or a building or structure may be erected, altered or used for a purpose, that purpose shall be deemed to include any accessory building or structure or any use incidental thereto. Subject to the provisions of this By-law, an accessory building, structure or use may only be established once the main building, structure or use has been established.
- b) Except as may be provided elsewhere in this By-law, any accessory building or structure which is not attached to the main building shall be erected behind the front line of the main building or shall comply with the front yard requirements of the zone in which the main building is situated whichever is the lesser. Such accessory buildings and structures shall not occupy more than 5 percent of the lot area.
- c) Notwithstanding sub-paragraph (b) above, a dock, marine railway, a pump house, wharf or gazebo may be located in the front yard, side yard, rear yard or adjoining lakebed, where a lot abuts a navigable waterway, provided that the approval of any other governmental authority having jurisdiction has been obtained and subject to all other applicable provisions of this by-law.

- d) Where an accessory building is used for a home industry as defined in this By-law, such buildings shall be located on the lot at a setback from any abutting road or street 7.515 metres greater than the front yard required by this By-law for the main building on the lot.
- e) The use of any accessory building or structure other than a sleeping cabin for human habitation is not permitted, except where a dwelling unit is a permitted accessory use. The use of any accessory building or structure for the keeping of animals, other than domestic pets, is not permitted in any Rural Residential or Waterfront Residential Zone unless specifically authorized by the provisions of the zone and except as provided for in a farm use under Section 3.09.
- f) Notwithstanding sub-paragraph a), b), c), d) and e) above, no accessory buildings, structures or uses are permitted on a lot where the principal use on the lot is a storage building, except for a privy.
- g) Portable structures including storage containers are permitted accessory structures subject to complying with the above provisions. In the Rural Residential and Waterfront Residential Zones, only one shipping container up to 6 metres in length is permitted on a property subject to a 10 metre front yard.
- h) Notwithstanding any provision in this By-law, any accessory building must be a minimum of 1.2 metres from any other building on a lot.

Shipping containers in Waterfront (WF) and Rural Residential (RR) Zones must be a minimum of 7.5 metres from a lot line and not exceed 15 square metres in area.

- i) Portable structures including shipping containers are permitted accessory structures subject to complying with the above provisions. In the Rural Residential (RR) and Waterfront Residential (WF) Zones, only one shipping container up to 6 metres in length is permitted subject to a minimum 10 metre front yard.

3.04 Application of By-law

This By-law applies to all lands within the Township.

Notwithstanding the provisions of Section 3.02, where any zone on the Schedules abuts a waterway, such Zone shall be deemed to extend into the waterway and to apply to any water lots, Crown lake bed or any land created by changing lake levels, land fill operations or by any other means, and to extend over all docks, boathouses, breakwalls, groins, seawalls, cribs, anchorages and floating or buoyant structures, boats or barges whether or not they are fastened to the shoreline, beached or anchored to the Crown lake bed.

No building or structure shall be erected, altered or used, and the use of any building, structure or lot shall not be changed in whole or in part except in conformity with the provisions of this By-law.

3.05 Automobile Service Station or Public Garage

Notwithstanding the provisions of this By-law, a pump island may be located within any front yard or exterior side of an automobile service station or public garage, provided that:

- a) the minimum distance between any portion of the pump island and any lot line shall be 6 metres; and,
- b) where the lot is a corner lot, no portion of any pump island shall be located closer than 4 metres to the base of a sight triangle.

3.06 Bed and Breakfast

- a) No bed and breakfast shall contain more than three rental bedrooms or guest rooms.

b) The provisions of a home occupation shall apply to bed and breakfasts; and

a)c) No bed and breakfast can be located closer than 0.5 kilometres from an existing bed and breakfast in a waterfront designation.

3.0607 Boathouses, Boat Ports

In addition to Section 3.03(b), a boathouse or a boat port is a permitted accessory use which may be located in any yard of a lot excepting that part of the front yard 2 metres back from the high water mark and the front building line which abuts a navigable waterway provided that:

- a) approval for the occupation of the Crown lake bed for the boathouse or boat port has been obtained from any government authority having jurisdiction;
- b) the boathouse or boat port is not located closer than 6 metres to the side lot line, including the straight line extension of the said lot line into the water;
- c) the boathouse is not used for human habitation and no plumbing fixtures are permitted;
- d) in the case of a lot zoned for residential use, the design of any boathouse or boat port shall be limited to one storey; and,
- e) in the case of a lot zoned for residential use, no boathouse or boat port can occupy an area exceeding two percent of the lot area or 100 square metres, whichever is the lesser.
- f) in the case of a lot zoned for residential use in a waterfront zone, a boathouse or boat port is permitted only if the lot has a minimum frontage of 90 metres;
- g) in the case of a lot zoned for residential use, the height of boathouse or boat port may not exceed 6.0 metres measured from the high water mark.
- h) in the case of a lot zoned for commercial use, the height of a boathouse or boat port may not exceed 8.0 metres measured from the high water mark.

Subparagraphs (a), (b) and (c) are to apply to boathouses in commercial zones.

Bridges, Causeways and Watercrossings

Any bridge spanning or crossing a navigable waterway or two points of land will require approval under the Bridges Act where applicable. No person shall use any lot adjacent to a waterway for the purpose of erecting a structure or placing material for the construction of a roadway, walkway, bridge or causeway to join two lots, islands and/or parcels separated by navigable water without obtaining the appropriate authorization from any government authority having jurisdiction.

3.0708 Buffer Areas

Anywhere in this By-law where a buffer area is required it shall consist of an area to remain in its natural state where native vegetation is to remain undisturbed except for: pathways; the removal of dead or hazardous trees; or the thinning of trees for views.

~~3.08 — Building Repair and Reconstruction~~

~~3.08.1 — Non-Complying Lots~~

- ~~(a) Where a dwelling unit or units legally existed on a lot with inadequate frontage, depth or area requirements, it may be enlarged provided there is compliance with all applicable provisions of this By-law.~~
- ~~(b) A dwelling unit is permitted use on a lot having less area, frontage and depth required by this By-law provided there is compliance with all applicable provisions of this By-law.~~

~~3.08.2 Non-Complying Buildings~~

~~(a) Where a dwelling or accessory building legally exists on a lot zoned WF1 to WF5, the RR and RU Zones inclusive and that dwelling does not comply with the yard, height or coverage requirements of this By-law, nothing shall prevent the repair or reconstruction of that dwelling or accessory building so long as the repair or reconstruction does not further contravene the yard, height or coverage requirements of this By-law and further provided that any reconstruction is located on the same footprint as the existing dwelling or accessory building.~~

~~(b) if the building is a dwelling in other than a residential zone, it shall comply with all of the requirements set out in the Rural (RU) Zone.~~

~~(c) if the building is removed by the owner through the issuance of a demolition permit, the replacement of any building with an increased footprint or total floor area must comply with the yard requirements of this By-law.~~

~~(d) Extensions of Existing Buildings Encroaching Upon Yards~~

~~Notwithstanding the yard provisions of this By-law, the extension of any legal non-conforming building which has less than the required yard requirements is allowed, provided that such extension does not further contravene the yard provisions of this By-law.~~

3.09 Buildings to be Moved

No building or structure which would have required a building permit for its construction shall be moved to any location within the Township without the issuance of a building permit from the Township. This requirement does not apply to the temporary removal or placement of a floating dock or docks for winter storage.

3.10 Certificate of Occupancy

No change may be made in the type of use of any lot covered by this By-law or of any building or structure on any such lot or of any part of such lot, building or structure, until a Certificate of Occupancy has been issued by the Municipality to the effect that the proposed use complies with this By-law.

3.1011 Continuation of Farming Use

Nothing in this By-law shall prevent the continued use of any land, building or structure for farming purposes or any addition or extension of such use provided that any such additions or extensions shall comply with the requirements of the Rural (RU) Zone as to coverage, yard and height provisions. Notwithstanding the requirements of the Rural (RU) Zone, any accessory farm buildings are subject to a minimum yard of 30 metres.

3.12 Decks and Docks

a) Notwithstanding the yard and setback provisions of this By-law, attached unenclosed porches, balconies, decks, steps and patios, may project into any required yard a maximum distance of 4.0 metres if it is not covered and 2.0 metres if it is covered, but not closer than 1.2 metres to any lot line. Where the floor of any porch, balcony, or deck is more than 2.0 metres above the average grade, the side yard and rear yard setback requirements for the main building shall apply to the porch, balcony or deck.

b) A detached, open-air deck including steps is permitted within the front yard provided that the deck is less than 30 square metres and that the height of the floor of the deck is less than 2 metres above the average grade.

c) In a residential zone, a single dock is a permitted accessory structure subject to the following

additional regulations:

- i) The maximum length of a dock should not exceed 15 metres or 25% of the width of the channel whichever is more restrictive;
 - ii) The cumulative width of a dock, including fingers, cannot exceed 10 metres;
 - iii) The maximum area of a dock including ramps shall not exceed 60 square metres (decking area of dock only) excluding any docks adjacent to boathouses); and
 - iv) Permission is obtained from any government organization having approval authority.
- d) In a tourist commercial zone, a dock is a permitted structure subject to:
- i) obtaining authority from the Crown for a water lot if applicable;
 - ii) the maximum length of a dock not exceeding 20 metres or 25% of the width of the channel whichever is more restrictive;
 - iii) a maximum area of any waterlot devoted to docks and slips not to exceed 10 percent of the adjacent lot area, not occupy more than 50 percent of the lot frontage up to a limit of 4000 square metres (includes lake surface area between dock slips);
 - iv) an increased side yard to 6 metres where the commercial lands abut a residential zone; and
 - v) permission being obtained from any relevant government agency.

3.13 Dredging and Filling

No person shall dredge or fill any lands or navigable waterway or in an Environmental Sensitive Area Zone unless:

- a) authorized by the provisions of this By-law;
- b) the lands or waters are zoned in a Commercial Zone or in a Pit and Quarry Zone;
- c) for the purposes of satisfying septic system requirements.

All dredging and filling must be authorized by and a permit obtained from the appropriate government authority.

No person shall use any land, or erect, alter or use any building or structure for the purpose of a separate dwelling unit or units on a lot in a C1.1, C1.2, C1.3, C1.4, C1.5, C2, M1 or an M2 zone, unless the following provisions are met:

- a) Up to two single dwelling units, including a mobile home, are permitted for personal use of the owner, operator or an employee of the non-residential use, provided that each unit has a water supply and sewage system which has been approved by the local approval authority.
- b) The dwelling unit or units has a minimum floor area in accordance with the requirements of the Building Code Act, and amendments thereto.
- c) The dwelling unit or units has separate washroom and kitchen facilities from those of the non-residential use.
- d) Each dwelling unit shall have a separate parking space in addition to the parking spaces

otherwise required for the non residential use(s).

- e) The dwelling unit or units shall have a separate building entrance to that provided for the non-residential use.
- f) The gross floor area of the residential portion of a non-residential building in a Commercial or Industrial Zone shall not exceed 50 per cent of the total floor area.

Notwithstanding the provisions of this By-law, no dwelling unit shall be located in a non-residential building that is used for an Automobile Service Station or a Public Garage.

3.15 Extensions of Existing Building's Encroaching Upon Yards

Any legal non-conforming structure that encroaches upon a required yard may be enlarged subject to the provisions of this by-law and provided that such enlargement does not further encroach upon the required yard.

3.15.16 Flood Plain Requirements

No building or structures which are to be used for human habitation shall be permitted below the theoretical flood elevation on the shores of any lakes.

3.15.17 Frontage on Public Road or Street

No person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon an open public highway maintained year-round by the Township or public authority, except in:

- a) a Waterfront Residential Zone, a dwelling unit may front on a navigable waterway, provided that the side or rear yard has a minimum of 20 metres that directly abuts a public road, private right-of-way or road allowance subject to a minimum right-of-way width of 10 metres this provision does not apply to water access properties;
- b) a Rural (RU) Zone, a hunt camp;
- c) a commercial or industrial zone, the lot may front upon a private road or right-of-way having a minimum width of 20 metres.

3.18 Garden Suites

A garden suite is a permitted use in any Zone that permits a residence subject to the landowner entering into an agreement with the Municipality that deals with the following matters:

- a) specifying the temporary nature of the garden suite including location restrictions on the lot;
- b) providing for the installation, maintenance and removal of the garden suite;
- c) identifying the period of time that the garden suite may exist not to exceed 20 years; and
- d) providing for a security deposit to cover the cost of administering the agreement and ultimate removal of the garden suite.

Notwithstanding the front yard requirements of this By-law, a gazebo not exceeding 24 square metres of floor area and a height of 4 metres may be located in the front yard subject to complying with any required side yards.

3.20 Golf Course

Notwithstanding the general or any other provisions of this by-law only existing golf courses are permitted uses.

3.21 Group Homes

Group homes shall be permitted in all zones that allow residential uses, provided they are licensed by the province and/or approved under Provincial Statutes and in compliance with municipal By-laws. No group home shall be located closer than 800 metres in a straight-line distance to any other group home.

3.1822 Greater Restrictions

This By-law shall not be effective to reduce or mitigate any restrictions lawfully imposed by a governmental authority having jurisdiction to make such restrictions.

3.1923 Height Exceptions

A place of worship, spire, belfry, clock tower, chimney, farm building or structure, silo, water tank, windmill, radio, radar or television tower or antenna or drive-in theatre screen may exceed the height provisions.

3.24 Holding Provisions – 'H' Suffix

a) For the purposes of this by-law, any reference to the Holding or Holding symbols using an "H" symbol relates to the procedures under section 36 of the Planning Act where the uses permitted are to be suspended pending the removal of the "H" symbol by zoning by-law amendment.

b) All zones shown on Schedule 'A' to this By-law having the suffix '(H)' symbol affixed to the various zone symbols are subject to the provisions of this subsection.

c) Notwithstanding the permitted uses in any of the zones of the By-law, no person shall within any lands having the suffix '(H)' symbol added to the standard zone symbols as indicated on Schedule 'A' to this By-law, use any lot, erect, alter or use any building or structure for any purpose except a single detached dwelling where a dwelling is a permitted use. In addition, accessory buildings and structures to single detached dwellings are permitted;

d) The Holding symbol "H" shall be removed when: the required servicing is completed; the necessary agreements to allow for a development have been executed; or the investigations of a special feature associated with a development have been completed.

3.25 Home Industry

No person shall engage in a permitted home industry, except in accordance with the following provisions:

a) a maximum of four (4) persons may be engaged in the home industry.

b) such home industry may be located in part of a dwelling, or in any accessory building located on a lot on which a dwelling is in existence, provided the total gross floor area utilized by the home industry does not exceed a maximum of 300 square metres.

c) there shall be no outside storage of goods, materials or articles.

d) only currently licensed motor vehicles associated with the home industry may be parked or stored on the lot but only within an interior side or rear yard.

e) there shall be no emission of noise, odour or dust which is not normally attributed to the use of the land for residential uses.

f) a home industry shall be clearly secondary to the main residential use and shall not change the residential character of the dwelling on the lot.

g) the home industry shall comply with the following minimum lot area, yard and setback provisions.:

i) minimum lot area 0.8 hectares (2.0 acres)

ii) minimum setback from all lot lines 30.0 metres (100 feet)

iii) minimum separation from dwelling in existence on another lot 100.0 metres (328 feet)

Home occupations where permitted by this By-law, are businesses that are conducted entirely within a residential dwelling on a residential property by persons residing therein subject to the following provisions:

(a) the business must be clearly secondary to the residential use;

(b) there is no external display or advertising other than a sign erected in accordance with the Municipality's sign by-law;

(c) there is no external storage of goods, materials or equipment;

(d) not more than 25 percent of the floor area of the residence is used for the home occupation use;

(e) the business must be conducted by the persons residing in the residence with no more than two employees on site;

(f) the provision of adequate parking;

(g) no noise, dust or other nuisances resulting from business; and

(h) in a WF1 through WF3 zone, the home occupation is limited to an office, accountant, lawyer, hairdresser or any such similar business.

3.2027 Keeping of Animals

Subject to the provisions of this By-law, no person shall use any land, erect, alter or use any building for the keeping of any exotic animals within any Residential Zone other than the keeping of domestic pets.

3.2428 Kennels

Despite any provisions in this By-law to the contrary, commercial or boarding kennels shall only be permitted in an Industrial, Commercial or Rural Zone. The minimum separation distance between a kennel and any existing residential dwelling or any lot in a rural or residential zone shall be 150 metres.

3.2229 Lane as Yard

Where the rear lot line of a lot adjoins any portion of a lane, one-half of the width of that portion of such lane may be considered part of the lot for the purpose of computing the area of the lot or the

depth of any rear yard required under this By-law.

3.30 Legal Non-Conforming

- a) In accordance with section 34(9) of the Planning Act, nothing in this by-law applies to prevent the use of any land, building or structure for any purpose prohibited by the by-law if such land, building or structure was lawfully used for such purpose on the day of the passing of the by-law or a predecessor of this by-law so long as it continues to be used for that purpose;
- b) Nothing in this by-law shall prevent the repair, reconstruction or replacement of a building or structure that is a legal non-conforming use, provided that such repair, reconstruction or replacement does not further contravene the provision of the by-law and further that any reconstruction is to occur on the same footprint of the non-conforming structure.

3.31 Lights

No person shall erect or use an outside light fixture in any zone except in conformity with the provisions contained in any By-Law of the Municipality regulating such lights and in conformity with the following provisions:

- a) Flashing lights other than navigational lights are prohibited;
- b) Lights shall not be erected or used in ways which might confuse or interfere with normal navigation; and
- c) Lights used to illuminate structures or property shall be arranged to direct light away from adjacent premises, roads or waterways.

3.2332 Loading Space Regulations

a) Loading Space Requirements

The owner or occupant of any non-residential lot, building or structure erected or used for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares and merchandise and raw materials, shall provide and maintain at the premises on the lot occupied by the building or structure and not forming part of a street or lane, within the zone in which such use is located, one loading or unloading space 10 metres long, 3.5 metres wide for each 450 square metres of floor area of the building or structure and having a vertical clearance of at least 4 metres provided, however, that adequate space shall be provided for the parking of vehicles awaiting access to loading spaces. No loading space will be required for buildings less than 450 square metres of floor area.

b) Access

Access to loading or unloading space shall be by means of a driveway at least 6 metres wide.

c) Loading Space Surface

The driveways, loading and unloading spaces shall be constructed and maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles and with provisions for drainage facilities.

d) Location

The loading space or spaces required shall be located in the interior side or rear yard unless set back from the street line a minimum distance of 25 metres.

e) When a building or structure has insufficient loading space at the date of passing of this By-law to comply with the requirements herein, this By-law shall not be construed to require that

the deficiency be made up prior to the construction of any addition. No addition may be built however, and no change of use may occur, the effect of which would be an increase in that deficiency.

3.33 Lot Additions and Encroachments

A lot that is reduced in size by the granting of a consent for the purpose of facilitating an addition of land to an abutting parcel shall be deemed to conform to the frontage, depth and area provision of this By-law subject to the provisions of this By-law.

3.2434 Lots Having Less Area, Frontage or Depth Than Required

Where a lot having a lesser frontage, area or depth than is required by this By-law is:

- (a) held under distinct and separate ownership from abutting lots on or before the date of passing of this By-law;
- (b) a lot on a registered plan of subdivision;
- (c) a lot created as a result of a consent granted by the consent granting authority;
- (d) created as a result of expropriation or other land acquisition by any authority having statutory powers of expropriation; or
- (e) a lot on a draft plan of subdivision approved on or before the passing of this By-law;

(f) and where such a lot has a frontage of at least 30 metres, and a depth of at least 60 metres, or an area of at least 1,800 square metres, such lot shall be deemed to conform to the lot frontage, lot depth and area requirements of this By-law.

Lots less than 1800 square metres existing on the date of the passage of this By-law, may be eligible for a building permit subject to compliance with the yard and coverage requirements.

3.2535 Measurement of Lot or Island Area

For the purposes of calculating the lot area of any lot or island fronting on a navigable waterway, the water level to be used shall be the high water mark.

3.2636 Minimum Distance Separation

- a) No building shall be constructed in the Rural (RU) zone which does not comply with the Minimum Distance Separation I (MDS I) and Minimum Distance Separation II (MDS II) Formulas as calculated using the provincial Implementation Guidelines (Publication 707).
- b) Setbacks for new dwellings from barns containing livestock, other than dwellings on the lot containing the barn shall be in compliance with MDSI Formulae.
- c) New barns or expansions to existing barns shall require setbacks in compliance with MDSII Formulae.

3.37 Mining

No person shall use any land, or erect, alter or use any building or structure for the purpose of extracting any minerals unless a permit has been issued under the Mining Act.

3.2738 Mobile Homes

A mobile home is a permitted use provided it complies with all current requirements of the Ontario Building Code Act Regulations thereunder and amendments thereto so long as it is constructed on a permanent foundation.

3.2839 Multiple Zones

Where a lot is divided into more than one zone, each portion of the said lot shall only be used in accordance with the provisions of the zone governing that portion. For example, the permitted uses and building provisions related to coverage and yard requirements shall apply to each of the respective zones on the lot.

3.2940 Non-Conforming Uses

Continuation of Existing Uses

The provisions of this By-law shall not apply:

- a) to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose; or,
- b) to prevent the erection or use of any building or structure for which a permit has been issued under the Building Code Act, prior to the day of passing of this By-law, for a purpose prohibited by this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the permit has not been revoked under the Building Code Act.
- c) for the purpose of this Section, any lawful dock used at the time of the passing of this By-law shall be deemed to comply with this By-law.
- d) the seasonal removal of docks does not affect their non-conforming status, provided they are returned to their former location;
- e) Residential Use in a Commercial Zone

Nothing in this By-law shall apply to prevent the alteration or enlargement of a residential dwelling unit or units existing on the date of passing of this By-law in a Commercial Zone, provided that the number of dwelling units is not increased and provided further that such alteration or enlargement is subject to all applicable general provisions and zone standards of the Rural Residential (RR) Zone.

- f) Ground Floor Area Less Than Required

Nothing in this By-law shall prevent an alteration being made to a permitted dwelling house, which dwelling house existed at the time of passing of this By-law but which has a ground floor area or dwelling unit area less than that required by this By-law, provided such alteration does not contravene any other provisions of this By-law.

3.3041 Number of Dwelling Units on One Lot

Only one dwelling unit shall be permitted on a lot unless otherwise indicated. Exceptions to this provision include:

- i) An additional dwelling unit in a separate building for the accommodation of a farm worker and his family is permitted where the lot is greater than 25 hectares in area;
- ii) Notwithstanding the above, a second dwelling unit is permitted on a residential lot that is located in any WF1, WF2, or WF3 zone inclusive, provided that each main dwelling unit has its own separate water supply and sewage disposal system approved by the authority

and further provided that the second dwelling unit is a minimum of 60 metres from the main dwelling unit and provided that each dwelling unit would be able to comply with the lot and frontage requirements should a consent be granted; (This provision does not apply to lands adjacent to Lorimer or Fairholm Lakes.)

iii) A converted dwelling or an accessory apartment where the lands are zoned Rural (RU) or the Rural Residential (RR) zone

iv) A garden suite in accordance with the provisions of this By-Law;

v) An additional dwelling unit in an accessory or ancillary structure where there is no second dwelling in the main dwelling but excluding any Waterfront Residential (WF) Zone; and

vi) Any secondary dwelling unit must have a separate entrance from the principal dwelling.

3.30.142 Secondary Dwelling Units

A secondary dwelling unit is permitted in the Rural (RU) Zone or the Rural Residential (RR) Zone subject to:

- a) a maximum of one secondary dwelling unit per lot;
- b) confirmation that the septic system has capacity to accommodate the secondary dwelling units;
- c) the total floor area of the secondary dwelling unit must not exceed the total floor area of the principal dwelling on the lot; and
- d) complying with all other applicable requirements of this By-law.

3.3143 Occupation of Uncompleted or Unserviced Building

No building shall be used for human habitation before the septic system has been installed and functioning as certified by the approval authority.

3.3244 Parking Area Regulations

Parking spaces and areas are required under this By-law in accordance with the following provisions:

(a) Parking Space Requirements

Every building or structure erected or used for any of the following purposes shall have the following parking spaces and areas:

b) Parking Area Requirements

Parking areas shall conform to the following provisions:

- (i) the parking area shall be located on the same lot as the use it is intended to serve, except in the case of a water access lot where the parking area shall be located in a zone where such use is permitted by this By-law or within 500 metres of the lot it is intended to serve in the case of a commercially zoned property;
- (ii) each parking space shall be at least 3 metres by 6 metres and shall be provided with unobstructed access to a street directly or by way of a driveway, aisle, lane or private road or in the case of barrier free parking each space shall be at least 5 metres by 6 metres;
- (iii) wherever more than 5 parking spaces are required, at least one space shall be barrier free;
- (iv) any parking area designed to serve water access lots shall have a minimum area of 100 square metres for each lot to be served and no parking shall be permitted within 10 metres of the high watermark or within 6 metres of any side lot line abutting a lot in a Waterfront

Residential Zone and be owned by or registered on title to the water access land owner.

(v) notwithstanding paragraph i) above, where off street parking is required by this by-law cannot be provided for on the same lot, such parking may, at the discretion of the Township, be provided for on an alternative lot which is located within 200 metres. Where parking is provided on an alternative lot, such parking shall be secured by agreement confirming the use of the parking spaces in respect of the lot proposed for the parking use and by restricting the use of the development lot to the continued provision of replacement parking;

(vi) where site configuration or other constraints prevent or render undesirable the provision of all required spaces, cash-in-lieu of parking may be provided by the applicant. The parking fund so established shall be devoted to assist in the provision of additional parking facilities where deemed appropriate by the Township. The fee for cash-in-lieu of parking shall be determined by By-Law of the Township;

(vii) The parking space requirements shall not apply to any building in existence with a legal non-conforming parking deficiency at the date of the passing of this By-Law to the extent of the deficiency so long as the floor area, as it exists on such date, is not increased and no change of use occurs. If an addition is made to the building or structure which increases the floor area or a change in use occurs, then parking spaces for the addition or change in use shall be provided.

c) Parking Area Surface

In a Commercial or Industrial Zone, parking areas and driveways connecting the parking areas with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles. The parking area shall, before being used, be constructed of crushed stone, slag, gravel, crushed brick (or tile), cinders, asphalt, concrete, Portland cement binder or like material and with provisions for drainage facilities which have been designed and constructed so as to prevent erosion, the washout of such parking areas, driveways or aisles or the carrying of soil, sand or sediment into an adjacent waterway.

d) Ingress and Egress

(i) Ingress and egress, to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways at least 4 metres but not more than 10 metres in perpendicular width.

(ii) The maximum width of any joint ingress and egress driveway ramp measured along the street line shall be 10 metres.

(iii) The minimum distance between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 7 metres.

(iv) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.

(v) Every lot shall be limited to the following number of driveways:

(1) up to the first 30 metres of frontage - not more than 2 driveways; and,

(2) for each additional 30 metres of frontage - not more than 1 additional driveway.

e) Illumination

Where parking areas are illuminated, lighting fixtures shall be so arranged that no part of any fixture shall be more than 8 metres above the finished grade of the parking area. Fixtures shall be so designed and installed that the light is directed downward and deflected away from adjacent lots, roads and streets.

f) Addition to Building or Structure

When a building or structure has insufficient parking area at the date of passing of this By-law, nothing in this By-law shall be construed to require that the deficiency be made up prior to the construction of any addition. No addition may be built, however, and no change of use may occur, that would have the effect of further contravening the provisions of this By-law.

g) Use of Parking Spaces and Areas

Any area where parking is permitted under this By-law shall only be used for the parking of operational operative passenger vehicles and commercial vehicles used incidentally to the permitted uses on the lot, bearing currently valid license plates or for the seasonal storage of boats.

For the purpose of this subsection "commercial motor vehicle" shall mean any commercial vehicle as defined in The Highway Traffic Act.

h) Parking Area Location on Lot

Notwithstanding the yard and setback provisions of this By-law, uncovered surface parking areas in other than residential zones, shall be permitted in the required yard or in the area between the road or street line and the required setback provided no part of any parking area, other than a driveway, is located closer than 1 metre to any road or street line.

3.3345 Pits and Quarries

No person shall use any land, or erect, alter or use any building or structure for the purpose of processing, washing, sorting, screening or crushing rock, sand or gravel except in conformity with the provisions of this By-law.

The making, establishment or operation of any new pits or quarries, except wayside pits as herein defined, is prohibited except in the locations permitted and in accordance with the provisions of this By-law.

Any pit or quarry permitted by this By-law shall be set back a minimum of 120 metres from the high water mark of any navigable waterway and 50 metres from any public road or side lot line.

lands that are not within the Industrial Pit (M2) Zone or the Industrial Pit and Quarry (M3) Zone.

3.3446 Portable Asphalt and Portable Concrete Plants

Portable asphalt and portable concrete plants, used by a public road authority or their agent, shall be permitted throughout the Township without requiring an amendment to this By-law, except in existing built up areas and in an Environmental Protection (EP) Zone.

3.3547 Prohibited Uses

Except as specifically permitted by this By-law, the following uses are prohibited:

- (a) any obnoxious use or noxious trade as defined under any Act;
- (b) buildings or structures on docks except for those specifically permitted;
- (c) campsite, tent, trailers or camping on vacant rural or residential lots except in accordance with the By-law to License Trailers in the Municipality; Township being By-Law No. 94-17 as amended;
- (d) a track for the racing of motor vehicles, ~~motor cycles~~ motorcycles or snowmobiles for commercial use;

- (e) pits and quarries except those licensed under the Aggregate Resources Act and wayside pits; and

- g)- short term rentals unless they are specifically provided for by this By-Law.

3.3648 Public Uses

Nothing in this By-law shall prevent any land, building or structure, other than in an Environmental Protection (EP) Zone, from being used:

- a) as a public park, community park, playground, cemetery, or as a site for a public statue, monument, cenotaph, fountain or other memorial or ornamental structure; or,
- b) by the Township or by any local board thereof, by any telephone, telegraph or gas company, or by any other government agency, including Ontario Hydro, provided that, where such land, building or structure is located in a Rural Residential (RR) Zone:
 - i) no goods, material or equipment shall be stored in the open;
 - ii) the lot coverage and yard provisions prescribed for the Rural Residential (RR) Zone shall be complied with; and,
 - iii) any building erected pursuant to the provisions of this paragraph is designed and maintained in general harmony with surrounding buildings.

3.3749 Pumphouse Restrictions

Where a lot abuts a navigable waterway, a single pumphouse is a permitted accessory use which may be located in any front yard, side yard or rear yard provided that:

- a) the pumphouse is set back at least 3 metres from the high water mark;
- b) the maximum ground floor area of the pumphouse is 9 square metres; and,
- c) the maximum height of the pumphouse is 3 metres.

3.3850 Reduction of Requirements

No person shall change the purpose for which any land, building or structure is used, or erect any new building, structure or addition to any existing building or structure or sever any land from any existing parcel, if the effect of such action is to cause the land or the original, adjoining or remaining buildings or structures to be in contravention of any of the provisions of this By-law.

3.3951 Sauna

A sauna is a permitted accessory building which may be located in any front yard, side yard or rear yard provided that:

- (a) approval is obtained from any government agency having jurisdiction;
- (b) the maximum height is one storey not exceeding 4 metres; and,
